

DELTA CONTROL SYSTEMS

Manufacturer & Exporter of Precision Auto Components & Induction Hardening of Parts for Critical Applications

An ISO 9001 - 2015 certified Company

We are ISO 9001 - 2015 certified company by BSI and self certified vendor to our customers.

About us

Started in the year 1989 to manufacture rocker shafts, water and oil pump shafts to the Tier I vendors and vehicle manufacturers. Over the years, we added special equipments like Induction Hardening, VMC etc and started supplying precision machined parts for reputed OEM's and also cater to overseas customers. We also manufacture for export several components for hydraulic and general engineering use.

We manufacture and supply Shafts, Pins, Engine Parts and Hydraulic Parts. We use Carbon as well as alloy steel as per specification procured to fine tolerances and finish as per customer drawings for use in various industries subject to high tensile load, corrosion, wear and tear.

QUALITY POLICY

We are committed to satisfy our customers and work continuously for improving the quality and delivery of our products.

Product Range

Gear Selector Rods for Tractors.

Water and oil pump shafts for IC Engines for commercial vehicles, tractors through OE suppliers.

Hydraulic steering parts, Chassis parts, Idler pins, engine parts for SAME Deutz Fahr India & Italy.

Production Capabilities

Precision machined parts upto 90 mm dia and 600mm length with CNC and VMC machines, Cylindrical and Centerless grinders, High frequency Induction hardening machines besides Drilling and Tapping machines.

We have necessary test and inspection facilities like crack detector, hardness tester, surface finish tester, Millipore test, digital height master etc.

COMPONENTS MANUFACTURED

Tractor GearBox Parts

Engine Parts

Suspension Parts

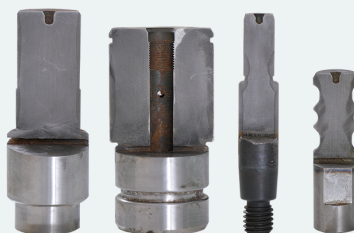

Oil and Water pump Shafts

Hydraulic Parts

Rocker Shafts

Induction Hardening

Fasteners

MACHINING FACILITIES

- CNC TURNING CENTRES
- VERTICAL MACHINING CENTRES
- CENTRELESS GRINDERS
- CYLINDRICAL GRINDERS
- TAPPING AND DRILLING MACHINES

INDUCTION HARDENING MACHINES

- HIGH FREQUENCY PLC CONTROLLED M/C
- 50KW Cap - DIA 50 MM LENGTH 1000MM
- 20KW Cap- DIA 25MM LENGTH 500MM
- TEMPERING OVEN

INSPECTION & QUALITY EQUIPMENT

- PROFILE PROJECTOR 300MM
- DIGITAL HEIGHT GAUGE 600MM CAP
- CRACK DETECTOR WITH UV LAMP 2000 A
- SURFACE ROUGHNESS TESTER
- MILLIPORE TEST FACILITY WITH DIGITAL SCALE
- DIGITAL AIR GAUGE COMPARATOR SET

Clients

SAME DEUTZ-FAHR

Sundram Fasteners Limited
